**RE: FEC ID# Mur 6115**

Dear Mr. Jordan:

I recently received your letter informing my campaign committee of irregularities with the rent payments of our offices. Attached please find copies of our rent checks and the relevant leases.

As to our office at 4099 William Penn Highway, the rent for the entire lease period was due in June, and we forwarded payment on to the landlord at that time. However, this payment was not reflected in our FEC filing because the landlord failed to cash the check at that time for reasons unknown to me. Because our FEC filing needs to balance with our bank records, the rent payment was not included until it was cashed.

The leases are enclosed and the checks will follow shortly.

As to office at 116 N. Main Street, the entire balance of rent was due at the end of the campaign and was paid in full at that time.

Should you have any further questions, please do not hesitate to contact me.

Respectfully submitted,

Steve O'Donnell
